

LIVE THE STORY

week nine

This week with our 'live the story' we are focusing on being true disciples of Jesus.

PREP:

Write out on slips of paper different words or pictures to act out in a game of charades. (If you have a game like taboo, you could just use those cards if you'd like.)

EXPLAIN ACTIVITY:

Charades. It's that simple. Play charades. This opens up for great conversation on how our actions back up (or are louder than) our words!

You can also play opposite charades (or more like catch phrase) where you can only use words to try and have others guess what the word is on the paper/card. This can coincide with the same conversation.

QUESTIONS & COMMENTS AFTER:

- Why are our actions so important?
- Do you think you are building your house on the sand or on rock?
- What kind of changes in your life have happened since going through this summer family challenge?
- What can we do as a family next?

PRAY OVER IT
