

# LIVE THE STORY

*week four*

This week with our 'live the story' we are focusing on resisting temptation and ridding ourselves of things that lead us far from God.

## PREP:

Blow up a balloon small enough to get into a cup but large enough that it will get stuck. You might need a few balloons to find the right size before this activity. You will also need a straw.

## EXPLAIN ACTIVITY:

Before you start ask what kind of things you know are not of God but you do, even if try not to do but is hard. Use the cup as an example of something that might be tempting (like the answers given) and put the balloon (symbolizing the person) into the cup/jar to show the pull into that sin. Pull on the balloon or have someone else do it to show that sometimes it is really hard to get out or not do the things that were shared. Then use the straw to show that God always gives us a way out.

## QUESTIONS & COMMENTS AFTER:

- What are some ways that God has given you to avoid \_\_\_\_\_?
- When have you seen this happen in your life?
- God has given us each other to help one another! What are some ways we can help each other?

## PRAY OVER IT
